

135 East Gin

A Japanese gin from the Kaikyo Distillery, which combines juniper berries with Japanese botanical elements: yuzu, shizo, Sansho pepper. A floral, silky and balanced gin, between citrus and bitterness. The finish is peppery and spicy.

Perfect balance between complexity and harmony

About the distillery : The Yonezawa Family, a family of sake brewers since 1856, began distilling in 1917. As we approach the 100-year anniversary of spirits production, the House has installed two new Forsyth's stills. This revival gives birth to the distillery named Kaikyo in tribute to the famous Akashi-Kaikyo bridge located in front of the distillery. 135° East Hyogo Dry Gin is an artisanal gin from the distillation of classic London Dry botanicals and Japanese botanicals.
