

KI NO BI Sei Gin

Ki No Bi Sei is created using the same 11 botanicals, distilled in the same 6 aromatic categories, as the classic Ki No Bi. However, it is bottled at 54.5°. A more intense twist than the classic. It is an ideal cocktail base, especially for gin & tonic.

The name "Sei" comes from the Kanji character "勢" which means "power" in Japanese

70cl. - alc. 54.5% vol.
