More information in the detailed description

## Product description:

**Shichiken Junmai Sword of Samourai** : An ultra-clean, rich and well-structured junmai in the pure Noto Toji style. The nose has aromas of banana, pear, cereal and lactic notes. On the palate, we find the fruit accompanied by good acidity and rich umami. The structure is limpid, with a lot of vivacity. The finish brings a lot of freshness.

**Rich, powerful, structured**
